GORDIE HOWE

9 THE MAN. THE LEGEND.

When people hear the name Gordie Howe most will recall that rugged but graceful record-setting hockey player that sported the famous number 9, known also as, “Mr. Hockey”.

In a career spanning twenty-six NHL seasons, Gordie accomplished more than even some of the most elite players of the game could ever imagine.

Today, a different legacy in his name exists, where the goal is to reduce statistics instead of creating them.

This is also his story.

CAREGIVING IS A TEAM SPORT

Funds raised through Gordie Howe CARES go directly toward research, and to developing caregiver strategies, education, and support to the caregivers that selflessly dedicate their time caring for loved ones affected with Alzheimer's and dementia related diseases, so they are never alone on their journey.

Our support application, Ripples, is designed to help families prepare for the challenging times ahead of them. With the incorporation of video, stories, advice, and planning tools, caregivers can feel confident making decisions collectively, while maintaining their health and relationships at home and in the workplace.
